

Notice

Dear Parents,

It has come to my notice that a large number of parents have not been active on the AOMS. I encourage all parents to make the optimum use of the system for complete information sharing & communication regarding your ward's progress.

Attendance Online Management System for the MBBS Year – I is live from November 2009.

I request parents to make the effective use of the application through a complete login & activation of their accounts.

The Login Ids and the passwords for parents concerned were sent through courier and a validation of the details carried out telephonically as well.

In order to facilitate an effective use of the AOMS, the user manuals were also e -mailed to the parents in February 2010. It's my earnest request to the parents to make use of this manual in understanding & using the different functionalities of the system.

In case you need any support regarding the same, you may get in touch with the support team at the given e mail ids & the contact numbers mentioned on the website.

Regards,

Mrs. D.A. KALPAJA

Director

Vydehi Institute of Medical Sciences and Research Centre
