Dear Madam,

I would like to take this moment to tell you, how much myself and whole of my family appreciate, and how grateful we are to you for your great support and kindness like a mother during my stay in your college in India during past three years.

Kindly accept this wall carpet which is created with great respect and love from my country IRAN to Dr. D.K Audikesavulu, our Honorable Founder Chairman of Vydehi Group, who is our great father, as a token of appreciation from all of us.

We hope and wish health and success for your good self and your family in all aspects of your life.

Thanking you

Yours sincerely,

DR. Mohammad Mehdi Raji
