GOOD USE OF TECHNOLOGY

Due to the COVID-19 outbreak, the Government & Rajiv Gandhi University of Health Sciences, Bangalore has asked to suspend all the classes for students. Vydehi Institute of Medical Sciences and Research Centre, Bangalore as always a front runner in medical education is using technology platform to bring in online teaching learning sessions (on Zoom platform) so that the student teaching learning activities are not stopped.

The management and teaching staff are committed for continuous innovations and ahead of others to ensure student learning and Vydehi Institute of Medical Sciences and Research Centre, Bangalore is ahead and pioneer in medical education technologies. Online sessions are starting from 23/03/2020 at 09.00 AM.

Instructions for students for online sessions.

- Please join the meeting 5 Minutes before the start of online session.
- You cannot leave the session till all the sessions for the day are over.
- You cannot join in the online sessions after the first 10 Minutes as the online sessions get locked after the first 10 minutes of each session.
- You have to identify yourself before joining the meeting with your name & roll number. Students who fail to do this are liable to be exited from the group and attendance for the session will not be given.
- You have to strictly be muted during the online sessions. If you have any doubt to be cleared at the end of the class - the teacher would ask & then only to raise your hand (an option on the right bottom of the screen on clicking).
- If you have any technical issues please communicate in WhatsApp group and the technical team will support you.
- Please be alone during the sessions in a closed and quiet room so that disturbance and unwanted sound can be avoided.
- You should have earphones to hear clearly and you should enable the video option on your screen so that you are visible to the teacher.
- You cannot record any of the sessions & circulate amongst yourself because of copyright issues.
- Each day you would get a new meeting ID and Password 30 Minutes prior to the session.
- Please ensure you have a Good bandwidth and preferably Wifi Internet connection.
- You can Login using your Smart phone or Laptop or Tab or Desktop.
- Please cooperate so that these online sessions are successful.
