Oncology remains an integral part of most post-graduate curriculums. The present day understanding of important oncological issues is limited by inadequate exposure and lack of awareness about evidence based management guidelines.

Vydehi Institute of Oncology, a teaching oncology centre has started an initiative to conduct periodic oncology updates for medical graduates and all post graduates. The structured course will help in developing an understanding of oncological principles which can be reproduced in academic exams and also help in clinical practice.

The activity will be short, precise and up to date and will culminate in easy take home messages. Emphasis will be on oncological issues relevant to Indian context.

Delegates will get informative CD's as study material.

### Programme :

- **Suspicious breast mass - the work up algorithm and management**
- **Approach to Acute Leukemias**
- **Ovarian masses - diagnostic dilemmas and right treatment approach**
- **Organ and function preservation in ano-rectal cancers what constitutes optimal treatment.**

*The above discussions will be based on and supported by NCCN clinical practice guidelines -2011 of adult oncology and NCI-PDQ guidelines of paediatric oncology*

### Quiz

- The update will be followed by a medical quiz in concerned topics with winners and runners up getting attractive cash prize.
- The post graduates are requested to register for the update and quiz separately in advance.
- Three participants in each team
- The total number of teams for finals will be limited to five.
- If more than 5 group entries are received, there will be a preliminary elimination round.

Registration (Single name for update/group of three for quiz)

1. Name & Speciality : \_\_\_\_\_

2. Name & Speciality : \_\_\_\_\_

3. Name & Speciality : \_\_\_\_\_

College : \_\_\_\_\_

Ph No : \_\_\_\_\_

email : \_\_\_\_\_

register by sending your name and details to "[vicon.vims@gmail.com](mailto:vicon.vims@gmail.com)" or by SMS to 9900218236 or by post to Vydehi Institute of Oncology, VIMS & RC, 82 EPIP Area, Whitefield, Bengaluru - 66, or on before 17th August 2011.
